

## ART CHOICE

It's 50 years since **Mark Rothko's** first solo show outside America, a game-changing display of abstract art. Revisit its impact in *Rothko in Britain* (above), at London's Whitechapel Gallery (until 26 Feb). **The Museum of Everything** returns with *Exhibition #4*, outsider art finding a place within the very halls of consumerism: Self-ridges exhibition space.

**Intimate: Edgar Degas' *Little Dancer Aged Fourteen*, cast in bronze**
