

10.03.16 - 09.04.16 - Galerie Frank Taal

Inside Out

A combination of artists who operate internationally, together with three guest artists from Galerie Atelier Herenplaats - a workshop for artists with intellectual disabilities. With Inside Out, gallery Frank Taal responds to James Brett's call to react to his travelling The Museum of [Everything](#), now to be seen at the Kuntshal.

The title of the exhibition plays on the term "Outsider Art", a term which is constantly under discussion.
